Summer Bridge Programs

Jumpstart Program

Jumpstart is an academic enrichment and leadership development program that provides a seamless transitional opportunity for first-time freshmen to get a “jumpstart” on their college career by staying on campus, and completing up to eleven (11) credits during five (5) weeks in the summer. Jumpstart provides students the opportunity to fast-track their academic success and leadership development in a nurturing learning community upon starting the fall semester. Students with a cumulative high school GPA of 2.7 or better combined with a SAT score of 800 are invited to participate in the program.

Jumpstart Program Benefits

- Early assessment
- Mentoring and academic advisement
- Fall schedule completion
- Registration and financial aid advisement
- Career and leadership development workshops
- Social and cultural experiences
- Become familiar with campus
- And so much more!

Jumpstart Summer 2015 Session Timeline Overview

Registration Deadline: The $500 deposit deadline has been extended to April 30, 2015!

Five Week Session: June 22, 2015 – July 24, 2015

Students interested in participating in the Jumpstart program should click here [1]and fill out the interest form.

Project Success

Project Success is an intensive academic program for students who place slightly below the University's admission standards. The program is designed to provide students the opportunity to "sharpen their academic skill set" by completing up to six (6) credits during six weeks in the summer and participating in a comprehensive academic development learning community throughout the first year. Students with a cumulative high school GPA of 2.0 combined with a SAT score between 750 and 799 may be offered a "conditional acceptance" upon enrollment and successful completion of the Project Success summer program component. Students are extended this offer at the discretion of the Office of Admissions, as seats in the program are limited. "Conditional Admission" status will be removed upon achieving satisfactory academic status of at least a 2.0 GPA at the end of the first year.

Project Success Program Benefits

- Early assessment
- Early fall schedule completion
- Early registration and financial aid advisement
- Assistance with career planning
- Six-week intensive summer program where students earn 5-6 credits in college level Math and English
- Social, Cultural, and professional development workshops
- An entire academic year to earn at least a 2.0 GPA
- Matches students with mentors for the summer and that academic year
- Mandatory tutoring and Supplemental Instruction for the first year
