Career Services

Welcome to the Career Services web page! Career Services supports the mission and advancement of Delaware State University as a premier institution of higher learning. Our office creatively coordinates career-related programs and services to connect students to internship and employment opportunities.

Our staff of career development professionals share knowledge of labor market trends and employment requirements using technological and practical resources to provide students with the talent to conduct job searches, become proficient in effective interviewing and presentation, and understand the fit between their competencies and occupational requirements.

During the academic year, we bring in hundreds of representatives from business and industry to interview perspective graduates and underclassmen for permanent and seasonal positions. Career Services also maintains many online resources to provide students with the necessary tools to conduct job searches, explore career options, and much more.

Bring your resume in for review, schedule a mock interview, or sit down to talk with a Career Coach about opportunities in your field. Normal hours of operation are Monday through Friday, 8:30 am to 4:30 pm. One-on-one appointments are available between 2:00 pm ? 4:00 pm. We are located in the Martin Luther King, Jr. Student Center, Suite 333 and can be reached at (302) 857-6120 or at careerplanning@desu.edu [1].

We are the office you want to know!
