### [Advisement Center](#) [1]

The College of Business Advisement Center's mission is to provide academic advisement to students pursuing a degree program in Business during the sophomore year. Our professional advisors offer services based on current curriculum requirements to assist students with aligning their academic goals with career opportunities as they transition into graduate studies and the world of work.

### [Delaware Center for Enterprise Development \(DCED\)](#) [2]

The Delaware Center for Enterprise Development (DCED) at Delaware State University has assisted in the development of enterprises since 1992. DCED is the community outreach arm of the College of Business. It provides business training and entrepreneurial education for youth and adults, supports community economic development initiatives and offers one-on-one technical assistance to entrepreneurs. The mission of the Delaware Center for Enterprise Development (DCED) is to educate current and prospective entrepreneurs and enterprise managers through training programs, technical and managerial assistance and by providing access to capital.

## **Center for the Study of Innovation Management**

The Center for the Study of Innovation Management (CSIM) housed in the Department of Management, College of Business at Delaware State University is a research unit focused on the study of innovation management in organizations. Innovation management is defined as the activities, processes, routines and systems that foster knowledge creation, transformation, dissemination and sharing as it moves an organization towards change and adaptation in their pursuit of value creation and competitiveness. Entrepreneurship is intrinsic to this concept of innovation. The CSIM has a multi-disciplinary orientation in its programs and activities and embraces academic research from colleagues with expertise in psychology, sociology, human behavior, cognitive science, organizational behavior, management, marketing, information systems, economics, accounting, finance and other disciplines applicable to the study of innovation management.

Director: [Dr. Carlos M. Rodriguez](#) [3]

## **Center for IT Services**

The Center's mission is to provide professional IT services to the government agencies, non-profits and small business enterprises in and around Delaware through active student involvement & learning and applied research. The purpose of the center includes, but is not limited to: (a) Offer professional IT services to non-profits, government agencies, and business organizations located in and around Delaware at affordable cost, (b) Maintain relationships with government agencies and industry in and around Delaware, and (c) Provide real-life experience to students in the area of IT services and project management.

Director: [Dr. Praveen Pinjani](#) [4]

## **Delaware Center for Transportation**

The objective of the Delaware Center for Transportation Management is to become a premier resource in the State of Delaware for teaching, training and research in transportation management. The Center will be housed in the College of Business at Delaware State University. The Center will be headed by a Director with project-based staff support. The Center will work closely and
