News and Events

Positions Available

JLRG is currently looking for a post-doctoral scientist and graduate/undergraduate students ([please see attachment \[1\]](#)). If you are interested in working in our lab, please contact Professor Jung-lim Lee at jlee@desu.edu [2].

News and Events

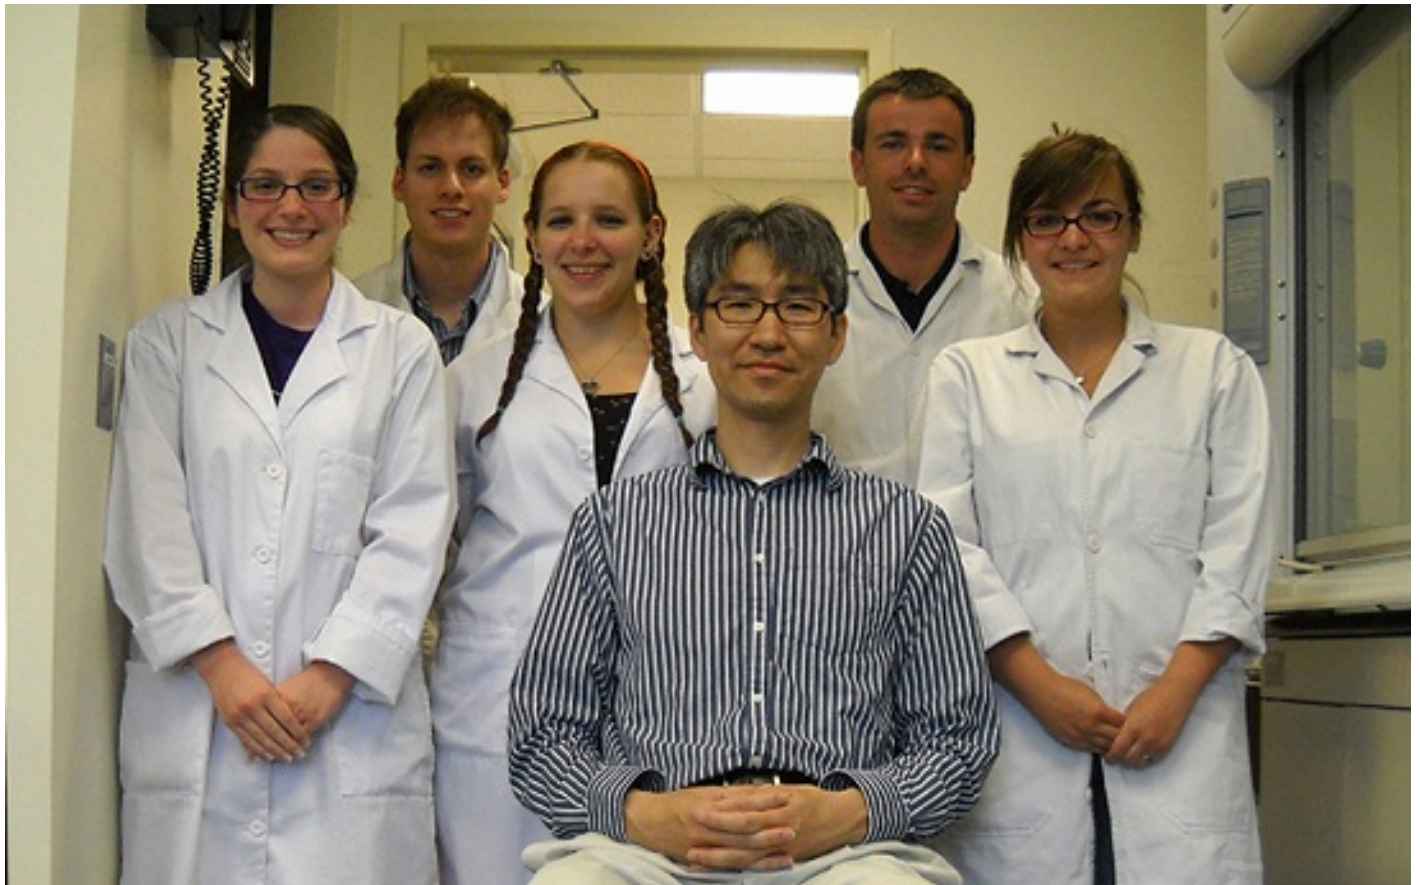

- Professor Lee attended the Korean Society of Food Science and Technology (KOSFOST) meeting in Busan, South Korea from June 3-5, 2015.
- Professor Lee attended the Korean Society of Food Science and Technology (KOSFOST) meeting in Cheonan, South Korea from August 28-30, 2013.
- Professor Lee attended the International Association for Food Protection (IAFP) meeting in Charlotte, North Carolina from July 28-31, 2013.
- Professor Lee attended the North American Colleges and Teachers of Agriculture (NACTA) meeting in Blacksburg, Virginia from June 25-29, 2013.
- Professor Lee attended the Association of Research Directors (ARD) Symposium in Atlanta, Georgia from April 9-13, 2011.
- Professor Lee, as the DSU representative, presented with his graduate students at the Graduate Student Agricultural Research Symposium at USDA-ARC in Beltsville, Maryland from Feb. 10-11, 2011.
- Professor Lee attended the Korean Society of Food Science and Technology (KOSFOST) meeting in Dea-gu, South Korea from June 8-10, 2011.

Professor Lee (left) and his undergraduate student (Melissa Wicker) attended the 2012 meeting in August 2012.

Melissa Wicker, graduate student under the tutelage of Professor Lee in the Food Science program received a second place award in poster presentation titled "The Study of the Anticancer Activity of Some Natural Compounds" at the 2012 Graduate Research Symposium poster.

Undergraduate research students and international visiting students in the Food Microbiology Lab in 2012. (From left: Clara Anagnostou, Michael Hickey, Anne Woodard, Prof. Lee, and Brandon Gaultier and Shadia Peters from France)

Michael Hickey, undergraduate student and Jany Young, graduate student in the Food Science program received a first and second place award in oral presentation/poster competition at the 48th Research Symposium in Jackson MS 2011. (From left: Michael Hickey, Prof. Lee, and Jany Young)

Professor Lee received an award "2011 The Faculty Excellence Award for Research" in 2011.

Professor Lee developed "the Summer Food Biotechnology Camp" for high school students. High school students in Delaware participated in the 2015 summer camp and had an opportunity of hands-on experience in basic food microbiology and molecular biology.
