## **Bachelor's Programs**

Teachers are in high demand in the United States as record numbers of Baby Boomer's are retiring from the profession. As the need for quality educators grows, Delaware State is ready to help fill the ranks with highly-qualified teachers. Our program prepares students to meet the challenges in the classroom, and to become highly sought after professional educators.

Delaware State University offers a wide variety of bachelor degree programs for education majors. Prospective students can major in:

- Early Childhood Education (Birth-2)
- Elementary Education (K-6)
- Elementary Special Education (1-8)
- Middle Level Education (5-8)
- Physical Education (K-12)
- Science Education
- Secondary Special Education (7-12)
