STUDENT LEADERSHIP INSTITUTE

Whether subtle or overt, behaviors demonstrated by student leaders are instrumental in conveying values, guiding strategy, and inspiring passion and interest in other students. When practiced, the effect is far more powerful than merely putting on a program or party. Actions consistently tell the story not only of who you are, but of the behaviors you value.

Student Leadership Institute provides workshops and leadership sessions for students to learn strategies and practices that are honorable and can be easily adopted by all student groups. Students explore methods of leadership development, learn how accountability is needed, and is a core competency to developing them individually and corporately as a leader and a professional. Students learn to make proficient use of campus resources while adhering to safety and risk management policies and procedures with a focus on the well-being of campus and community constituents. Student Leadership Institute sessions complement the goals and objectives of DSU's five core values, and systematically move students from paraprofessional behaviors to strategic leadership behaviors conducive of producing a preferred future.

If you have any questions regarding attendance or general questions about the workshops, please contact the OSLA team at osla@desu.edu [13] or 302-857-6390.
